NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

There seems to be a great deal of apprehension around Hamlin about the efforts being made to redraw the Jones County Precinct lines to meet the Supreme Court ruling requiring equal representation—or "One-man, one vote."

For the most part this apprehension seems to stem from two thoughts — leave well enough alone and Stamford is trying to get to us and dominate the county.

This idea of leaving well enough alone is false thinking on the part of the people of Hamlin for several reasons. Not the least of which is the fact that the county is in direct violation of the Supreme Court. If the precinct lines are not redrawn by the Commissioner's Court in the very near future the matter will be taken to court and the court will draw the lines for us.

Another problem of leaving well enough alone is that things are not all that "well" for Hamlin when it comes to the operation of our county government. All of the northern part of the county is suffering under the present division of the county.

A good example of this is the fact that both Hamlin and Stamford residents have tried for years without success to secure one or more deputies out of the sheriff's department to serve this area. When more than two-thirds of the county can be denied their just due by less than one-third of the voters then something is wrong with our present system.

When you have four commissioners trying to represent the county at the commissioner's court meeting and one of the commissioners has to answer to only about 700 voters and another one has to answer to 2600 voters then something is wrong. In our case, our commissioner Bill Moore, is faced with the problem of trying to please about 1900 voters. But his vote on the court is no stronger than the commissioner who is representing only 700 people.

As far as the thought that Stamford is out to dominate the county government with this move to redistrict we do not believe this is the

—Continued on page 4

PAVING PROJECT IN FULL SWING — After several weeks of grading, leveling and other preparation, workmen with Abilene Paving, Inc., are now working on curbing and gutters in the city. Here concrete is being poured for curbing on Southwest Ave. C. Six and one-half blocks in the northwest section of Hamlin and seven blocks in the southwest section are being paved. Total bid for the work was \$79,079.90.

Intrasquad Scrimmage Set At Stadium Tonight, 7:30

Hamlin football fans will have their first chance to meet the 1973 Pipers here tonight (Thursday) at the "Meet the Pipers" scrimmage at the high school football field.

All of the high school players and their coaches will be introduced by Head Coach David

Jaycees Elect New Officers, Re-organize

Members of the Hamlin Jaycees met Thursday evening at the Jaycee Community Building to re-organize and make plans to re-vitalize the organization.

The civic club made up of young men up to 35 years of age and associate members in the above 35 age group was chartered in 1960 and through the years have contributed to the progress of the community.

The largest single and continuing project has been the Jaycee Community Building at Southwest Fifth at A Street. The club at this time is still under obligation for the building and are working toward keeping the payments current.

The building is used by civic groups, youth groups, individuals and during the summer is a popular spot for family reunions.

During the re-organization, Muri Don Smith was elected president; Eddie Offield, first vice president; Marshall Walden, second vice president; Milburn Wind, secretary; Ken Prewitt, treasurer; Sam Mack Hodges, Harvey Lawlis and Burt Oliver, directors.

Hodges and Offield were named co-chairmen of the carnival which is sponsored in the fall by the club.

The club meets at 8:30 p.m. every Wednesday at the Community Building.

Bonds at 7:30 p.m.

The local freshmen and junior varsity teams will be combined to scrimmage the varsity second units in a scrimmage to follow the introductions. The scrimmage with Abilene High junior varsity has been cancelled, according to Coach Bonds.

Coach Bonds said that the regularly scheduled scrimmage between Hamlin and Knox City was cancelled by Knox City and therefore the starting units for the Pipers will not see any action tonight.

Frank Shearer, president of the Hamlin Pied Piper Booster Club, said that the organization will launch its annual membership drive tonight. Memberships in the booster club are \$5.00 per family and will be on

sale at the gate. The first regular meeting of the club will be held Monday, Sept. 3, at the high school cafeteria at 7:30.

A film of the Seymour scrimmage will be shown by the coaching staff and a scouting report on the Rotan Yellowhammers will be presented by the staff. The Pipers will open their season at Rotan Friday, Sept. 7.

In commenting on the Piper's scrimmage with Seymour last Friday evening, Coach Bonds said that he was very pleased, especially after viewing the film. He said the boys looked real good and showed lots of fire and hustle. He added that the boys played very good football for this early in the season. He was especially impressed by some of the younger players.

ON REDISTRICTING—

Committee Gets More Questions Than Answers

ANSON — Jones County commissioners and members of a special committee got more questions than answers on how to go about the job of redistricting the county's precincts at a public meeting Monday night.

The meeting was called to solicit opinions from the public on how the county should be redistricted so that it would comply with one-man, one-vote rulings.

But most of the people who showed up wanted to know what is going to be done rather than offering suggestions. County Judge Leon Thurman was kept busy explaining that no decisions on redistricting have been made and the meeting was being held to help the commissioners arrive at a decision.

Before it was over, though, three tentative plans were presented and two of them

seemed acceptable to the gathering of about 50 people.

Two of the plans were presented by C. O. Richards of Stamford, a member of the redistricting committee, and the other was offered by Judge Thurman.

Richards' first plan drew objections because it placed residents of the southeast part of the county, the Phantom Lake area, in the same precinct as the city of Stamford. His alternate plan put that area in a precinct with Anson, as did the one presented by Judge Thurman.

Under Richards' alternate plan, the maximum number of registered voters in any one precinct was 1,782 and the minimum 1,768. The plan presented by Thurman was a hastily drawn, tentative sketch and didn't include a population breakdown.

The major difference in the judge's plan and Richards' was that Thurman's plan divided the land area in each precinct more equally.

All the plans divide Stamford and Hamlin into two precincts, with each city having a majority vote in one. Anson residents would vote in three different precincts.

One speaker suggested that the redistricting be put off "until 1980," and the idea of delaying the project drew rebuttal from several speakers.

Roy Arledge of Stamford noted that if a suit were filed by some unhappy citizen, the courts would probably redistrict the county. He said he preferred that the commissioners do the job.

Stamford publisher Roy Craig said his community already had been waiting for five years for redistricting and indicated it

wasn't ready to wait until 1980. Joe Scott said he was opposed to any kind of redistricting. He said the precincts have been this way for 69 years, everybody got along fine and there was no reason for changing them.

Most of the speakers urged a spirit of cooperation between various parts of the county in working out the redistricting and expressed confidence it could be accomplished.

The redistricting movement is a result of unequal population in the various precincts, which violates previous one-man, one-vote court rulings. Richards' figures showed that during the last election, Precinct 1, Hamlin, had 1,904 voters; Pct. 2, Stamford, had 2,618; Pct. 3, Hawley, 1,175; and Pct. 4, the Noodle-Horn area, 754. Anson residents vote in all four precincts.

SEWAGE TREATMENT—

Water Quality Board Sets Deadline for City

The Texas Water Quality Board Tuesday set a November deadline for the City of Hamlin to approve a plan for improving its sewage treatment facilities, which is currently discharging "poor quality sewage" through the California Creek into the Clear Fork of the Brazos.

The board warned the city it should not wait for federal money to improve its facilities but should take immediate steps for some kind of interim improvements until federal funds are available.

Services Set Here Today for Mrs. Joe Ford

Mrs. Joe Ford, a resident in this area for 35 years, died Wednesday morning at Hamlin Memorial Hospital after a lengthy illness.

Services will be held at 2 p.m. today (Thursday) at First Baptist Church with the pastor, the Rev. Howard Jones, and the Rev. Marshall Stewart, pastor of the Church of the Nazarene, officiating.

Burial will be in Hamlin Memorial Cemetery under the direction of McCoy Funeral Home.

Born Lottie Mae Hicks May 26, 1898, in Bosque Co., she was the daughter of the late Mr. and Mrs. Bill Hicks.

She married Joe Ford Sept. 11, 1915 in Bosque County. They lived in the Stamford and Avoca area before moving to Hamlin in 1937.

Survivors include her husband, Joe Ford; six sons, Eudelle of Lamesa, H. L. of Hamlin, Bill of Abilene, Joe of Hamlin, Dave of Abilene, Douglas of Clyde; three daughters, Mrs. W. R. (Inez) Pennington of Dodge City, Kan., Mrs. D. B. (Nina) Leib of Portales, N. M., and Mrs. W. R. (Wanda) Herrington of Abilene; 22 grandchildren and 12 great-grandchildren.

She was preceded in death by a son, Troy, in W. W. II, and a daughter, Lola Faye, Mrs. Carl (Lola Faye) Smith, who was killed in an auto accident six years ago.

AARP Meeting Set Sept. 11

The Hamlin chapter of American Association of Retired Persons will meet at 7:30 p.m. Tuesday, Sept. 11, at City Park.

AARP members from Abilene will be guests and present the program.

All members are urged to attend.

Attending the hearing in Austin from Hamlin were A. E. Killion, councilman, and Johnny Steele, city secretary. Due to the death of his mother, Mayor Joe Ford was not available for comment on the board's ruling Wednesday morning.

The City of Hamlin has been working on the problem of the sewage treatment plant for several years now and the voters approved a bond election some time ago to construct the new facilities. But the bond election was based on the assumption that a federal grant would provide up to 75 percent of the needed monies for such improvements. Hamlin has not been approved for this federal grant at this time.

The city was instructed to "examine the alternative" for temporary improvements and to return before the board in November with a plan for temporary improvements and a schedule for building permanent ones.

Billy Jacob of Abilene, consulting engineer for Hamlin told the board the city had had an application for a construction grant before the federal Environmental Protection Agency for a year and a half. Water Quality Board Director Hugh C. Yantis Jr. said, however, that the city has a "low priority" for federal money and funds might not be forthcoming for another two or three years.

Guss Herzik, acting chairman of the board, told Jacob, "The non-availability of federal funds

doesn't necessarily absolve you from complying with the law. You've got a problem to correct and my suggestion is that you get with it."

Currently, Hamlin is giving its daily 300,000 gallons of sewage effluent only one-step, "primary," treatment. Yantis noted that Texas law has long required two-step, "secondary," treatment, and said the city was allowed to build its primary plant in 1951, on its promise it would go to secondary treatment.

Jacob told the board the city is looking toward stabilization ponds as the most feasible method of getting secondary treatment as soon as possible.

The contemplated construction, he said, would cost the city about \$330,000.

MICKEY WARLICK

to hold revival

Mickey Warlick to Hold Central Baptist Revival

Evangelist Mickey Warlick, who was told in July, 1972, that he had three to six months to live, is to be here Sunday through Wednesday for "Four Great Days" at Central Baptist Church.

Warlick became a victim of cancer in 1969 and after two surgeries, has outlived all expectations.

In 1969 he was taken to a Midland hospital where emergency surgery was performed to remove a tumor. He was given six months, at most, to live.

As evidence of devotion to his ministry, Warlick missed only five Sundays in the pulpit of Northside Baptist Church.

On July 4, 1972, a second surgery was to be performed. Only 85 percent of the tumor could be removed and the young

evangelist was given three to six months to live.

"I rarely think about cancer or the anniversary dates," Warlick states. "I've always lived one day at a time."

Since that surgery, Warlick has regained normal evangelistic duties with an average of two revivals per month.

Since December he has filled the pulpit of the Seminole First Baptist Church, has had a visit regularly with prisoners in the county jail and has conducted an early morning radio program.

The young evangelist neither works nor smiles like a sick man. "I plan to use my illness in my weekend evangelist crusades that are being planned. I believe there is a purpose for suffering and that is to magnify Christ. I share it an opportunity to consider the power of Jesus with others."

"I personally recognize my own personal weaknesses and He is my strength," Warlick continued.

"People get so involved in religion that they fail to realize that religion alone is very shallow. People must learn to know Jesus and to walk with the Lord," he noted.

Since his illness was discovered, Warlick has made crusades to Spain, Japan and Germany. He is preparing for a crusade in Korea in September. His wife Shirley describes the couple's life as "pretty normal." They have two children, Michael, 12, and Terry Lynn, 9.

He has written "Facing Every Crisis" based on his brain cancer experiences of 1969 and 1972.

He says, "My message is simple—Commitment of the whole life to Christ."

Warlick supposedly is a dying man, but he points to the book of Philippians where the theme is, he says, "Hallelujah anyway!"

MRS. GEORGE DAVIS
...formerly Peggy Joyce Covington

Covington, Davis Vows Exchanged In Florida

Peggy Joyce Covington and George Davis were married at 4:00 p.m. Saturday in Naval Aviation Memorial Chapel, Pensacola, Fla., with Chaplain Page officiating.

The bride is the daughter of Mr. and Mrs. James Franklin Covington. Parents of the bridegroom are Mr. and Mrs. Fred Douglas Caruthers of Nashville, Tenn.

Presented in marriage by her brother, Jerry Covington of Key West, Fla., the bride wore a formal gown of white bridal sateen. The high neckline and sheer bishop sleeves complimented the empire waist. A wide vertical panel of white venise lace adorned the bodice and the A-line skirt. The attached train, enhanced with scattered appliques, fell to a chapel length. A venise lace headhugging caplet held the illusion veil which flowed to waist length. She carried a bouquet of green carnations and white daisies.

Mrs. David Gant of Pensacola was matron of honor.

Darrell Painter of New Orleans, La. was best man.

Wedding music was presented by Mr. Jitters of Pensacola.

The bride is a graduate of Hamlin High School and is enlisted in the Navy.

The bridegroom is a graduate of Hume Fogg Tech High School in Nashville, and is also enlisted in the Navy.

Big Five Golf Winners Told

The Big Five Golf Association winners in play at Hamlin were: First flight, Ruby Medford, low gross; Mable Compton, runner-up; Faye Graham, low net; and Mary Smith, runner-up.

Second flight, Stella Steele, low gross; Lola Milstead, runner-up; Neomi Bell, low net; and Odell Harbert, runner-up.

Third flight, Betty Baker, low gross; Marion Frierson, runner-up; Pat Ford, low net; and May Edge, runner-up.

The next meeting and final play will be at Haskell Sept. 18. Tee off time will be at 9 a.m.

Mrs. John Poe Elected Head Of H'makers

Mrs. John Poe was elected president of the Young Homemakers in a called meeting Monday, Aug. 20.

Other officers elected to serve for the coming year are: Mrs. Mac Reid, vice president; Mrs. Danny Warner, secretary; Mrs. Dan Newberry, historian; Mrs. Larry McCoy, parliamentarian; Mrs. Chris Pena, treasurer and Mrs. Bobby Kiser, reporter.

Programs were also planned. Officers will be installed at a salad supper meeting Tuesday at 7 p.m. at the high school.

Each member is reminded to bring a salad and a friend.

Babysitting will be provided at 75 cents a child for the evening.

Eastern Star Sets Meeting Here Tuesday

A stated meeting of Hamlin Chapter No. 460, Order of the Eastern Star, will be held at the Masonic Hall at 8 p.m. Tuesday.

A Friendship Night has been planned and other chapters of this section have been invited to attend.

A salad supper will be served in Fellowship Hall following the program. All members are invited to bring a salad and join the fellowship.

Practice meeting for all officers has been changed from 9:30 a.m. Monday to 9 a.m. Tuesday, according to Mrs. J. A. George, worthy matron.

Mrs. Smith Hosts Ruth Class Tuesday

Mrs. Barrie Smith was hostess for the Tuesday afternoon meeting of Ruth Sunday School Class of Central Baptist Church.

Mrs. Eddie B. Hopper presided. Mrs. Sid Clay gave the opening prayer. Mrs. R. Y. Cloud conducted the Bible Quiz and Mrs. Ben Wilcox gave the devotional on "Miracle of Love and Grace."

Mrs. Troy Money was elected teacher and Mrs. Wilcox, assistant. Officers elected include Mrs. Opal Goodgame, president; Mrs. Eddie B. Hopper, vice president; Mrs. W. J. Stewart, secretary and Nora Belle Hill, assistant; Mrs. Cloud, treasurer; Mrs. M. L. Haught, group captain; and Mrs. Floyd Wallace, reporter and mission chairman.

Eleven members were present.

Mrs. McCoy Honored With Shower Here

Mrs. Larry McCoy was honored with a babyshower in the home of Mrs. Robert Moore, Monday evening. Thirty-one guests attended.

The table was decorated with matching tablecloth, napkins and cups of an ABC design and centered with alphabet blocks. Baskin-Robbins ice cream was served.

Other hostesses were Mrs. Fred M. Hubbard, Mrs. David Watson, Mrs. Andy Brown, Mrs. Dan Newberry, Mrs. C. L. White and Mrs. Bobby Stublefield.

MRS. JERRY LEROY CALDWELL
...formerly Carol Jean Martino

Martino, Caldwell Vows Exchanged In Lafayette

LAFAYETTE, LA. — Carol Jean Martino and Jerry Leroy Caldwell were married at 2 p.m. Aug. 18 in First Baptist Church of Lafayette, La.

The bride is the daughter of Mr. and Mrs. John Stephen Martino of Penrose, Colo. The bridegroom is the son of Mr. and Mrs. B. J. Caldwell of Lafayette, former Hamlin residents, and grandson of Mr. and Mrs. R. D. Caldwell of Hamlin.

Mrs. Robert Paris of Sunnyside, La., sister of the bride, was matron of honor. Bridesmaids were Sandra La Baue and Linda Upton of New Orleans.

Cecil Caldwell of Arlington was best man for his brother. Glenn Toups and Jimmy Courcier were groomsmen.

Matt D. Caldwell, brother of the bridegroom, and Chad Fox of Baton Rouge were ushers.

The bride wore a formal gown of candlelight peau de soie covered with French voile. She carried a cascade of carnations and white butterfly roses.

Attendants wore formal gowns of pink flowered organza trimmed with pink velvet ribbon belt. They carried nosegays of blush pink carnations and baby's breath backed with a circle of lace.

The couple will live in

Lafayette where he is attending the University of Southwestern Louisiana in the school of architecture.

The New Image Gives Program At Santa Anna

The New Image, Terry, Sheri and Gary Mink, children of Mr. and Mrs. Lynn Mink, presented pop and gospel songs for the Telephone Co-op in the Santa Anna Football Stadium Saturday night.

Over 1500 persons were present. The group and their recording, "Do Something Nice," were well received, according to Mink of Love Records.

The singing group will also be featured in two one-hour performances at the West Texas Fair in Abilene Sept. 12. The first show will be at 6:30 p.m. The stage will be set up near the entrance.

B&PW Club District Meet Set Sept. 8-9

Abilene Business and Professional Women's Club, Inc. will host the annual District Conference of District 7 of the Texas Federation of Business and Professional Women's Club Sept. 8-9 at the Hilton Inn.

Keynote speaker will be Mrs. Kandy Reeder of Dickinson, third vice president of Texas Federation of Business and Professional Women's Clubs.

Towns comprising the district include Abilene, Baird, Ballinger, Brady, Brownwood, Coleman, Colorado City, Hamlin, Haskell, San Angelo, Stamford, and Sweetwater.

Mr. and Mrs. Rosendo Aguilar Jr. of Roby are parents of a boy, Rosendo Aguilar III, 6 lbs. 6 oz., born Aug. 26 at 2:50 a.m.

Classified deadline is 8:30 a.m. Wednesday.

NEWS FROM ...

Old Glory

by Bernice D. White

Sunday, Sept. 2, that's the day, for the sixth Old Glory Homecoming. Ex-Students, teachers and friends of Old Glory and any of its consolidated school districts, are urged to attend. Time for buying tickets for the noon meal has been extended through Friday, Aug. 31. A limited supply of tickets will also be available after that time on a first come, first-served basis.

Price of meal tickets is \$2.00. Old Glory school opened for classes Monday morning, Aug. 20, and teachers and patrons were encouraged to see the enrollment up to 75 students, which was a considerable boost from the enrollment when school closed in May.

Monday, Sept. 3, Labor Day will be a school holiday.

Bridge Winners

First place winners in the Tuesday evening meeting of the Duplicate Bridge club were Jewel Hailey and Jerry Crooker both of Abilene.

Placing second were Mrs. L. W. Shivers and Jerry Amis of Abilene.

Third place winners were Mrs. W. O. Wilbanks and Gladys Crump of Abilene.

Loutanna Scifres, 10, daughter of Mr. and Mrs. Raymond Scifres, modeled last week in a back to school fashion show at the Highland Mall in Austin. Models were selected by weight, age, height and poise. After the fashion show the 20 young models were entertained with a skit presented by Austin television personalities.

Mr. and Mrs. Sipriano Lujan of Snyder are parents of a boy, Sipriano Lujan Jr. 8 lbs. 4 1/2 oz., Aug. 22, 8:23 p.m.

CAROL AND LYNN MINK

Effective Monday, August 27, the State Law Requires Your Automobile Liability Insurance Policy to Include Personal Injury Protection...

What Is Personal Injury Protection?

Briefly, this Family Automobile Policy coverage provides that if any of the following persons: you as the named insured, any member of your household, other persons occupying the insured auto, anyone using such auto with your permission.....if any of these sustains an accidental bodily injury in a motor vehicle accident, then Personal Injury Protection will pay, up to the limits of liability you have purchased, (1) all reasonable and necessary medical expenses, (2) loss of income (3) and the reasonable and necessary cost of essential services performed for the family by a person who is not a wage earner.

Is It a "No Fault" Policy?

No, it is not. However, it is a step in that direction and we heartily recommend it. The law was enacted by the 1973 Legislature and is mandatory on all Family Auto Policies unless rejected as pointed out in the last paragraph.

What Are the Costs?

More than likely, your present policy provides for medical payments in the event that medical treatment is required because of an automobile accident. If so, the new Personal Injury Policy costs very little more although it provides broader coverage.

Amount	Personal Injury	Medical Payments
\$2,500	\$22 per year	\$75 per year
\$5,000	\$32 per year	\$17 per year
\$10,000	\$44 per year	\$22 per year

The above rates apply to one car used for pleasure or driven to and from work, with no male operator under 25 years of age and no unmarried female under 21 years of age.

Do I Have the Right of Rejection?

While the Texas insurance code requires that Personal Injury Protection be included as part of your automobile insurance policy, you can REJECT the new coverage by signing the form which your agent will send you and then returning it to him. Even though you reject it now, the coverage can be added at a later date.

We think it is insurance coverage you need. We urge your acceptance.

SHORT WAVES

BY FRANK SHEARER

If you're ashamed of your past, write a book about it — it will sell like hot cakes.

If you stand on your own two feet you will be admired for it — in an elevator.

My wife said that the only thing that gets recycled at our house is the flu.

Be sure to come to the MEET THE PIPERS scrimmage at the high school football field this Thursday night — we all want to back our fine team and follow them all the way to STATE this year.

Freshest
Bun for Fun!
MR\$ BAIRD'S

FROM THE FILES . . .

FIFTY YEARS AGO
(September 7, 1923)

Although the rains have stopped, picking, to some extent the cotton is beginning to arrive rather lively. To date, this Thursday, Sept. 6, the cotton yard has received 460 bales. Hamlin has four dandy gins this year, one running a three unit outfit and the others single five-80 capacity. This gives the Hamlin country cotton raisers ample ginning facilities. Up to Thursday middle afternoon the gins had received the following: Pioneer Gin Company, 205; Morrison Gin, 130; Slaton Gin Company, 95; and Planters Gin, 54.

The first meeting of the "Jones County Baptist Associational Sunday School Convention" will be held with the First Baptist Church of Anson, Sept. 11, at 9:30 a. m. Judge W. S. Pope is the President of the Convention and Miss Liliias Penick is the Secretary-treasurer. All churches in the County will be represented and many of the churches will send large delegations to this first meeting.

Prof. T. S. Nipp, of the Dovie School reports that his building is to soon have a good school auditorium, thanks to the many donations made.

In accordance with the Company's agreement with the Employees Association, the Western Union Telegraph and Cable Co. will be open from 8 a.m. until 6 p. m., effective Sept. 1, 1923.

TWENTY YEARS AGO
(September 4, 1953)

Oil well drilling activity has continued at a good clip in the Hamlin area during recent weeks. As proof of this maintained series of operations one has only to check the large number of drilling rigs lighted up like huge Christmas trees after dark.

Hamlin citizens who are using city water were showing pleased smiles again as they received their water bills the first of the week, as most of them reflected considerable drop from previous billings in recent months. The bills, first released since the city started using lake water again from Hamlin's South Lake on July 19, reflected new lowered rates.

TEN YEARS AGO
(August 29, 1963)

B. V. Newberry, Hamlin High School principal, reported that the pre-registration stood at 245 Tuesday morning and he expects 15 or 20 more to register by the time school starts. He said last year's 250 students was the highest since he has been with the school and he expects this year to set a new record. The enrollment by classes is as follows: seniors, 57; juniors, 55; sophomores, 65; and freshmen, 68.

There will be a cotton defoliation and mechanical harvesting meeting at the Stamford Seed and Delinting Plant at the Stamford Airport at 7:30 p. m., Tuesday night, Sept. 3. Fred Elliott, Cotton Work Specialist from

the Texas A & M College Extension Service will be on hand to bring the program. All farmers are invited to attend the meeting.

There was plenty of suspense for both players and spectators Saturday night at the Hamlin Jaycee Miniature Golf Course as the final round of the club's first annual tournament was played off. Several of the matches were decided on the final 27th hole and one match went three extra holes. Jimmy Inzer took the championship.

New students who have registered to attend Hamlin High School for the first time include one student from Rotan, one from Sudan, three from Abilene and three from McCaulley.

A retirement party for Ray Huling, volunteer fireman for over 20 years, was given by the Hamlin Fire Department in the Oil Mill Guest House Thursday evening.

NEWS AND VIEWS . . .

And What Have You

—Continued from page one

case. While there may be a few in Stamford who would like to see this happen, we believe that most of them just want to get their fair share of representation at the county level.

If Hamlin comes out on the short end of this redistricting and Stamford does get an edge (above and beyond the edge they are due for having the most population) it will only be because the citizens of Hamlin lacked the leadership to exert their rights.

You can not stop the inevitable by just sitting back and crying that someone is out to gyp you. Redistricting is coming to Jones County and Hamlin can either make every effort to come out in better shape than they are currently in or they can sit back and take what someone is going to give us.

Far too many people take the attitude that county government is no concern of theirs—all they do is grade roads. But the four commissioners and the County Judge will be deciding how to spend over one million dollars during this coming year—this is big business and it is your money.

Since this is being written on Monday before the public hearing in Anson on the redistricting we have no way of knowing how well Hamlin will be represented but we hope that at least a few will show up.

While it is too late for us to urge you to attend the meeting in Anson, we can at least urge you to come out tonight and meet the Pipers at Piper Stadium. And while you are there please take the time to join the Booster Club and plan on attending the meetings each Monday evening.

Like all of the fans who made it to Seymour Friday night, we were impressed by the Pipers, especially with their attitude. If they can keep this attitude going for them this will be a fun year for the players, coaches and the fans.

Neinda Philosopher Views Plight of Country But Rejects A Solution

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One reviews the situation in the nation today but doesn't give up.

Dear editor: I don't know. I'm puzzled. I mean, you pick up a newspaper and before you look at it the first thing that pops into your mind is, who're they investigating this time? Who've they got the goods on now?

You know, illegal political contributions, kickbacks, bribery, wiretapping, get-rich-quick in office, influence peddling, favoritism, the Russian grain deal, you name it and some grand jury somewhere is investigating it, not just in Washington but all around the country.

who isn't investigating a politician for receiving or a corporation for giving illegal donations is now considered sleeping on the job.

It's not just in Washington, where Special Prosecutor Archibald Cox says it'll take him the rest of his life to finish with Watergate, but throughout the land, in both parties, among governors, mayors, state representatives, party finance chairmen, etc. In some areas any politician who doesn't come out of office richer than he went in is considered incompetent. It's everywhere. Coaches are being investigated for illegal recruiting, athletes are being checked to see if they've been fed pep pills. Why cheating has even been found in the kids' soap box derby, and I wouldn't be surprised to see a scandal

turn up somewhere in the country in the P.T.A.

I got to talking about this with a neighbor and he said he had the solution.

"What's that?" I asked. "Everybody ought to resign," he said.

"Everybody?" "Yep. Everybody. Fruit basket turn over."

"Now wait a minute," I said. "You have everybody resign and the country'll be in the worst mess you've ever seen."

"It already is." I don't agree, although sometimes it looks like we're working on it. I agree with another neighbor who said anybody who doesn't vote in the next election ought to be horsewhipped.

Yours faithfully,
J.A.

The RESPECTED WORD

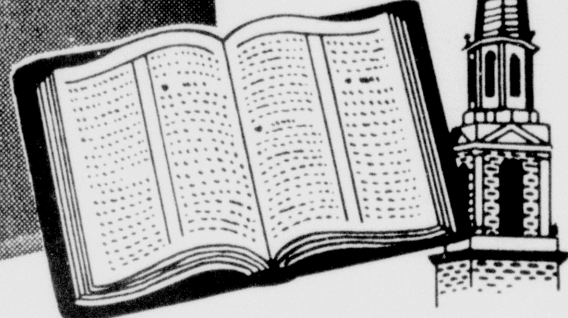

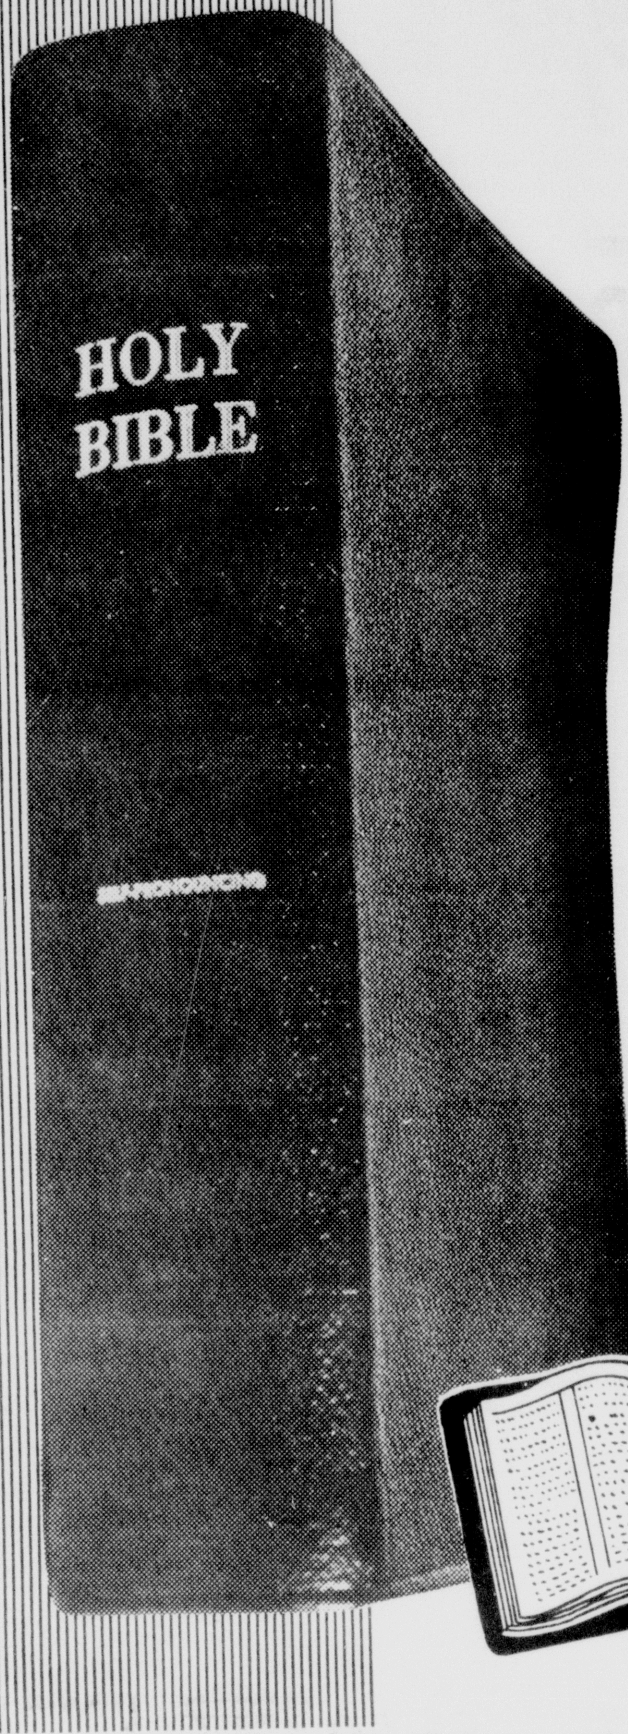

The bible is a book translated into every known language. It is the word that men have died for, in order that it may be available to all men. It is the textbook for God's people.

The bible, itself, is not worshipped, but is respected, for it is the story of God and his relationship to man. It is man's guide for worship and daily living.

Attend church regularly, study, and seek God's will in your life.

"I wait for the Lord, my soul doth wait, and in his word do I hope."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

NEWS FROM . . .

Sylvester

By MRS. R. M. BABB

Mr. and Mrs. Henry White visited with her father last week and found him not doing so well. They stayed a couple of days and their vacation was over.

The Community Bible Study was held in the home of Mrs. Raymond Kiser along with a "house warming." The Kisers recently moved in the former Tindal house.

Mrs. Dovie Cross of Sweetwater, Mrs. Faye Cross of Odessa visited in the W. M. Turner home recently.

On last Saturday morning, Mr. and Mrs. Loys Smith moved back to Breckenridge where they will be closer to their children. Both of them aren't doing too well. They said to tell every one they had enjoyed the past five years they have lived here in Sylvester. I can tell you we will miss them very much, however, we understand their problems.

Mr. and Mrs. Waldo Gatewood are two very excited grandparents, not that this is the first but this one is the daughter of Mr. and Mrs. Rex Beauchamp of Berlin, Germany. She was born Aug. 22, Waldo's birthday, and she is named Michelle Gene Beauchamp. She weighed 5 lbs. and 15 oz. The Gatewoods hope to have Bobbye and the baby home soon. Congratulations!

The Jack Gann family attended the O'Donnell reunion in Sweetwater on Sunday. This is Pauline's family.

Mrs. Richard Green called this morning and seems she was able to have all of her five children and families all

together for the first time in over three years. Meeting at the home of their parents were: Louise Woodruff's family, two boys of Lovington, N. M., the Gerry Fitzsimmons family, two boys of Ingleside, Dale and Sharon Green and three girls of Lake Jackson, Gail and Leland Ohlhausen, two boys and one girl of Abilene. It was also a chance for each to see their grandmother, Mr. Green's mother who is very ill in Callan Hospital in Rotan.

Mr. Woodson of Holiday Lodge in Hamlin visited with his daughter, Mrs. W. B. Brown Sunday.

Mrs. Kinney Attends 28th Cancer Meet

Mrs. George Kinney, of Stamford president of Jones County Unit of American Cancer Society, represented Jones County as one of 350 delegates who attended the 28th Annual Division Meeting of the American Cancer Society Aug. 22 and 23 at the Shamrock Hilton in Houston.

Guest speaker at the Meeting of the Membership was the American Cancer Society's Miss Hope of Pennsylvania, Cecelia R. Evans, R. N., for 1973, who captured everyone's attention with her talk on Life, Love and Hope. She told of her work with small cancer patients in a children's hospital, and the great work of the ASC in research for control and eventual cure of cancer.

Mrs. Kinney said, "Out-standing accomplishments for the American Cancer Society in the past year included a Professorship on Oncology, the first in Texas, awarded to Dr. Eugene Frenkel, of Dallas, along with other research grants totaling over \$1,700,000 in Texas."

Also Mrs. Kinney said, "Service and rehabilitation, in addition to research, also reached a new program high with 17,777 patients being served by volunteers out of a potential 48,245 cancer patients

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520

in Texas. Public Education Programs reached nearly 1,000,000 students and a total of 1,400,000 in Texas in the past year."

"We are very pleased with these programs," Mrs. Kinney said. "And we are all committed here in Jones County to wipe out cancer in your lifetime."

Mr. and Mrs. James Edward Garrett Jr. of Stamford are parents of a girl, Crystal Ann, 7 lbs. 4 oz., born Aug. 24 at 12 p.m.

Sister Dies

Mr. and Mrs. Everett Townley received word Saturday of the death of his sister, Mrs. Virgil Morse of Lakeport, Ca.

Memorial service and burial was Tuesday at 11 a.m. She died of a prolonged illness.

Mr. and Mrs. R. D. Caldwell spent a week in the home of Bobby Caldwell in Lafayette, La., and attended the wedding of their grandson, Jerry Caldwell to Carol Jean Martino.

Happy washday -electrically

...While teaching the future homemaker how to conserve and save equipment, clothes and energy.

AN electric home laundry is automatic, of course, but care of equipment and conservative operation are very important.

- Wash a full load but never overload.
- Is hot water necessary?
- Use only recommended amount of detergent.

Ask your dealer for an owner's manual when you buy.

A joy to own.

Buy from your local dealer, soon.

Live the easiest way with Frigidaire Electric Appliances WTU

West Texas Utilities Company An Equal Opportunity Employer

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520

Telephone Company Sets Long Distance Rate Hike

DALLAS — Southwestern Bell today announced an adjustment of telephone rates for long distance calls within Texas which will produce an after-tax revenue gain of less than \$12 million (\$23 million before taxes) to the company. This amounts to a little less than 2 percent of the company's total operating revenues in Texas.

T. O. Gravitt, vice president for Southwestern Bell operations in Texas, said the new rate schedule will increase the cost of most three-minute intrastate calls from a few cents to a dime. The change is effective Sept. 24. Rates for local service and charges for long distance calls to other states will not be affected.

One plus calls within Texas, which constitute about three-fourths of the calls, will still generally be lower than the average for 41 other states offering a One Plus rate, the other states do not have a One Plus rate schedule. On calls requiring an operator, Texas rates generally compare favorably with other states, with some states higher and some lower.

"The increase on long distance rates in Texas is needed to partially offset sharp increases in the cost of doing business," Gravitt said. He cited that telephone wages for 1973 will be \$110 million higher than in 1971, and taxes for the year will be \$40 million more than two years ago when the last intrastate rate adjustment was made.

The largest portion of the increase will be on One Plus calls, but this type of call will still be considerably cheaper than operator handled calls.

For example, at the new rates, a One Plus call from Dallas to Houston will be only 93 cents for three minutes during the day. A station-to-station call requiring an operator will be \$1.15, and a person-to-person call \$2.05. A similar San Antonio to Waco One Plus call will cost 82 cents, while a station-to-

station call will be \$1 and a person-to-person call \$1.75.

"We truly dislike having to increase rates; however, we too have become the victims of inflation — not the cause of it," Gravitt said.

V. L. Townley Gets Job As Inspector

Postal inspector V. L. Townley has been named assistant inspector in charge of the Seattle Division, according to an announcement made by Chief Postal Inspector W. J. Cotten. The division comprises the states of Washington, Oregon, Idaho, Alaska and portions of Montana and Wyoming.

Townley and his wife, the former Bernice Beard, daughter of Mrs. J. E. Beard of McCauley, are in the process of moving from their home in Half Moon Bay, Ca., to their new residence on Mercer Island, which is located in Lake Washington, adjacent to Seattle.

Townley is the son of Mr. and Mrs. Everett Townley.

He began his postal career as a clerk in the Hamlin Post Office in 1949 and was appointed Postal Inspector in 1959. He was originally assigned to the Reno, Nev., territory and then to Long Beach, Ca. In 1964 he was transferred to Honolulu, Hawaii.

The Hawaiian assignment included investigations throughout the Pacific Islands and he became "trouble shooter" for mail theft cases in the Orient, with many cases in Japan, Viet Nam, Hong Kong, Macao, Thailand, Korea and the Philippines.

The recent promotion will place Townley in a management position, working with inspectors specializing in investigations of internal theft, mail fraud and prohibited mailings.

The Townleys have two sons, Bob, who is serving in the U. S. Army at Fort Sill, Ok., and Ed of Las Cruces, N. M. Ed and his wife, the former Sue Johnson, have two children, Matthew and Merideth.

Kathy Ponder, freshman at Hardin-Simmons University, attended Youth Week at Glorieta, N. M., with other members of the H-SU Baptist Student Union Aug. 16-20. She is the daughter of Mr. and Mrs. Doyle Ponder.

TO APPEAR HERE TONIGHT — Dr. and Mrs. Daniel Moncivaiz and daughter, Jeannie, right, will be special guest speakers at the Hamlin Four-square Church tonight (Thursday) at 7:30. Another daughter, Lydia, center, is attending college. The 20-year veteran missionaries to Mexico will be giving a complete report of the ministry of the Foursquare Church in the country of Mexico.

SAYS AGENT—

Large Infestation of Boll Weevils Expected Soon

Large numbers of boll weevils can be expected within cotton fields the next two to three weeks, according to Kirby Clayton, County Extension Agricultural Agent. Many larvae and grubs can now be found in squares and small bolls on the ground beneath the cotton plant. These larvae and grub should develop into adult boll weevils by the last week in August or the first week in September. Increased square damage will be evident at about

the same time.

A good fruit load is being set on cotton plants in most fields, but most of the square and small bolls are still susceptible to boll weevil damage, and effective control of the boll weevils can greatly affect the amount of cotton produced this year.

The cotton crop in the county is a little later this year due to the planting dates and weather conditions; this makes the crop even more susceptible to boll weevil attack.

Producers should begin inspecting their fields weekly to determine when damaging population levels of boll weevils or bollworms are present. Control measures should be applied when 15 to 25 percent of the squares are damaged by bollweevils or 8 to 10 percent of the squares and small bolls are damaged by bollworms.

Besides insect populations, producers should also evaluate population of beneficials which feed on bollworms maturity of the bolls and the yield potential. It is too late to try to set a cotton crop this year if a good fruit load is not present in the field at this time.

Once control measures are started for boll weevils or bollworms, at least four or five applications will be required to mature the crop and keep boll weevil pressure down. When bollworms are causing excessive damage, five or more applications will probably be required at five to seven day intervals to keep this pest under control until bolls get hard or cold weather slows pest activity.

If difficulty is encountered in obtaining control of bollworms, the application interval should be cut to three days.

Further information on cotton pests and their control is contained in L-508, Suggestions for Controlling Cotton Insects in the High Plains, Rolling Plains and Trans Pecos Areas. This publication is available at the County Extension Office.

Visiting in the home of Mr. and Mrs. W. C. Moore last week were their daughter and family, Mr. and Mrs. B. C. Compton of Ft. Worth, a granddaughter, Terry Howard of Lubbock, a grandson, Mr. and Mrs. Chris Moore and baby of Pueblo, Co., and Mrs. W. C. Moore Jr. and Robby of Midland.

Highlights AND Sidelights

AUSTIN — The Texas Constitutional Revision Commission made key decisions last week on finance and legislative sections of the state's basic laws.

It will formulate recommendations September 6-8 on judiciary and education provisions, Sections on local government and general provisions will be reviewed Sept. 13-15.

Final action of the 37-member body, which is studying changes needed in the state's basic laws, is scheduled September 27-29. Meanwhile, a legislative planning committee for the January-May 1974 constitutional convention of lawmakers is moving ahead with preparations for the historic gathering.

The planners have voted to spend \$33,938 on new chairs and desks to place in the House of Representatives chamber during the convention. Chairs, costing \$165 apiece, will be replicas of those used by delegates to the 1876 constitutional convention. The desks, considerably more economical, will be made by state prison system inmates at a cost of \$22.50 each.

The revision commission practiced some economies (of language) in shortening the recommended general legislative tax power section of the constitution from the present lengthy statement of limits and exemptions to the following:

"Taxes shall be levied and collected by general law for public purposes only, and shall be equal and uniform."

The 181 legislators who will be delegates to the convention will convene here December 6-8 for a briefing on details of the commission's recommendations. The convention will open January 8.

CHILD CARE RULES TIGHTENED — The State Board of Public Welfare is toughening requirements for licensing child-care institutions and has named former State Rep. Randy Pendleton of Andrews as temporary head of a licensing division.

Pendleton said the new division will shift role of the Welfare Department from urging facilities to comply with the law to active enforcement of the law and policing of facilities.

The Board also named a new six-member advisory council (with three alternate members) on child care administration to assist in checking credentials of personnel at child care facilities. The legislature this year required administrators to be licensed by Jan. 1.

FARM PRODUCTION HIGHS SET — Texas farmers and livestock raisers are setting new production levels this year, Agriculture Commissioner John White reported.

Records, according to White, are being tied or broken for wheat, cotton, grain sorghum, corn, peanuts, soybeans, oats, barley, rye and rice. Texas is first in the nation in cotton and grain sorghum and fourth in wheat production.

Texas cattle on feed total 2.3 million, said White, about 700,000 more than the second-ranking state, Iowa, and an increase of nine percent over last year. White said cattle producers marketed more cattle during June and July than they did a year ago, proving that they are not holding back because of the price freeze on beef.

White predicted that removal of the beef price ceiling will not cause skyrocketing of meat prices and may even help bring them down.

He said there are warning signs consumer resistance to the rising prices of food products is stiffening.

INSURANCE DEALS TARGETED — New Insurance Board rules aim to halt rate discrimination and unfair competition in property and casualty insurance. Board Chairman Joe Christie said some non-rate-regulated companies, including Lloyds and reciprocals, offer unrealistically low rates to prime risks with the intention of having ultimate liability assumed by a rate-regulated company.

Christie said the "brother-in-law" deals can result only in higher rates for the majority of policyholders.

"A farce has slowly but surely been perpetrated when a large company either forms a Lloyds, or even rents one by one scheme or another, for the purpose of evading this state's regulatory laws," Christie said.

DOCUMENTS DEMANDED — House Speaker Price Daniel Jr. called on the Department of Public Safety to release to him and the public documents on a House committee vending machine industry probe, held confidential for six years.

Daniel directed Department of Public Safety Director Wilson E. Speir to deliver the tapes and other records Monday (Aug. 27), and called a news conference at the same time.

He said the open meetings law, House rules and the new public access to information act require free public access to government documents except in most-extraordinary circumstances.

SHORT SNORTS
The Texas Democratic party will put on a show of its own during the September 15 national party fund-raising telethon (NBC) and expects to get about \$150,000 in operating money for the effort.

Texas Public Interest Research Group (TexPirg) charged "sexual discrimination" in hiring practices of three government agencies.

The State Highway Department has moved for dismissal of an Austin federal district court injunction blocking the San Antonio North Expressway.

DPS predicts 42 will lose their

Jones County Budget Goes Over Million Dollar Mark

Jones County expenditures will go over the million dollar mark for the first time this year, due in part to revenue sharing funds, it was revealed this month when the budget for the new year was adopted.

Total amount likely to be spent, including federal revenue sharing funds, is \$1,037,221.20. Of this, slightly more than \$51,000 was of the federal funds. This money, for the most part, has been spent for equipment for the four commissioners precincts.

The commissioners adopted a budget for next year that will total \$986,187.21, with only local funds. The tax rate for the coming year was set at 80 cents with this broken up as follows:

lives during the Labor Day weekend in traffic accidents.

The cotton stalk destruction deadline in the Lower Rio Grande Valley has been extended until midnight Sept. 30 from Aug. 31.

The constitutional convention planning committee met with Louisiana convention delegates for advice on preparations for the historic January 1974 revision effort.

A 19-and-a-half percent increase in workmen's compensation insurance rates has been ordered, effective Sept. 1.

.03 jury fund; .30 road and bridge, .42 general, and .05 permanent improvement.

The new budget provides for salary raises of 5.5 percent.

The county operates on a 20 percent of true value on property. This taxable total is \$29,000,000. Needs of the budget can be met with a 94 percent collection of taxes, Judge Leon Thurman said.

"FOUR GREAT DAYS"
CENTRAL BAPTIST CHURCH
Evangelist: Mickey Warlick
SEPT. 2-5
MORNING SERVICES 10 A.M.
EVENING SERVICES 8 P.M.

As for keeping the peace, another court had this comment: "The saloon days of the Wild West are long gone. Nowadays the typical bar does not provide a setting for violence and danger, if in fact it ever did."

For good measure, the court added:

"Women are as capable of mixing drinks as men."

Less innocuous activities, however, may still be subject to restraint. Another case involved a city ordinance forbidding the use of "B girls"—women hired by the management to solicit drinks from male customers. A tavern owner claimed that his women employees were being deprived of their freedom of speech and assembly.

"Their freedom of speech," he reasoned, "includes the right to talk to customers and their freedom of assembly includes the right to mingle with customers."

But a court said the rights of speech and assembly, while guaranteed in general by the Constitution, may be limited in specific situations for specific reasons. Noting the city's power to discourage drinking, the court said:

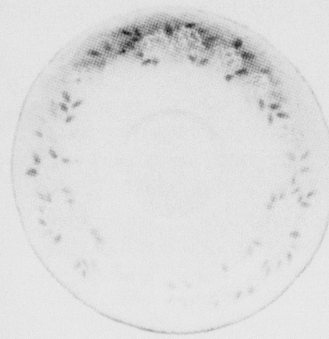

"If the regulation curtails freedom in some slight degree, the limitation is not unconstitutional. These rights are not absolute."
